

ACS Equipment Use Permits for Three (3) RTUs Replaced at Blanche #1

ACS recently had three RTUs replaced at Blanche #1, 109-60 202nd St., Queens (11412) and need to obtain Equipment Use Permits. The units replaced were HVAC-5, 7, & 8.

AG's scope of work on this project includes preparation of As-Built engineering drawings related to the above projects.

1. Site survey.
2. Review of replaced rooftop units compliance to code.
3. Review of existing drawings.
4. Show layout of the new rooftop units.
5. Evaluate the energy compliance of the facility following the replaced rooftop unit.
6. Preparation of 100% As-Built for mechanical, plumbing and fire alarm for 3 RTUs.
7. Review and incorporate Client comments on Final submission.
8. Preparation of Compliance Set after incorporating any comments.
9. Signing and stamping of required DOB forms prepared by expeditor.
